COVID-19 UPDATES
EFFECTIVE 06-22-2020

As the State has opened up, we have seen a large amount of numbers with Covid-19 positive cases going up, and it is becoming more affective in the villages. We have had about 3 or 4 villages who have already got positive cases, and with that, we would like to take extra precautionary measures to protect the people in our village.

1. Travel: For anyone coming into Tununak, from Bethel or Anchorage, **MUST**, quarantine for 14 days regardless if they have taken the test, or not. Stay home. Stay 6 feet away from others and wear a mask. If there comes a time, when you might need help, please call the office and we will see how we can assist you, during quarantine.
 - a.) Intervillage Travel is allowed, for essential needs, or infrastructure.
 - b.) Subsistance travelers that make a stop in Tununak, must wear a mask, and one person per family is allowed to the store. We will not allow a huge group into any of our public places.
 - c.) Visitation travel for anyone who is just coming for a vacation or scenery, is suspended.
2. Native Village of Tununak has started playing bingo and pull tab games, at the MPR building, and the St. Joseph Church is serving Mass. We have not had any other social gathering but we are making sure people wear masks, and are taking precautionary measures.
3. Workplace Employees: Environments with sick employees, are to stay home to prevent the spread of any infections or virus.
4. Curfew for all school students is at 10pm, everyday, including weekends until further notice. We are urging parents to have kids stay home, instead of visiting other households, for their safety.
5. When shopping, use consideration of other households and limit the amount of groceries or supplies you get. Only get enough, for your household. This is optional, and is a decision the stores will make on their own, if need be. We would just like it, to be in practice.
6. IF one person in a household has to quarantine, **ALL** members in that household, **MUST** quarantine also.
7. **ALCOHOL** is prohibited in the Native Village of Tununak as it is a dry community. This is for the health and safety of our community members.
